FOR IMMEDIATE RELEASE

**Concentric Security Part of AMERICAN SYSTEMS' Winning Team
Awarded U.S. Army Corps of Engineers MATOC 5 Year Contract**

Concentric Security is a subcontractor to AMERICAN SYSTEMS on one of 10 teams that have been awarded a contract by the U.S. Army Corps of Engineers, Engineering and Support Center (CEHNC), Huntsville, to provide Maintenance and Service for Access Control Points (ACP), Electronic Security Systems (ESS), and Utility Monitoring and Control Systems (UMCS), both CONUS and OCONUS. The award is an Indefinite Delivery/Indefinite Quantity Multiple Award Task Order Contract with a ceiling value of \$315 million over 5 years.

Concentric Security's knowledge and experience will provide the ACP expertise through the team in the areas of maintenance services, site surveys, technical recommendations, repairs and updates to systems, training, and other activities as required. "Concentric Security is honored to be a part of this outstanding team and for the opportunities that this contract grants us to support the Department of Defense and other federal facilities." said Concentric Security's President, David Wachs. "Our organization's extensive experience with federal facilities and their applicable standards, as well as the systems used, makes this a perfect fit for the Concentric Security staff. If your location would like to use this opportunity to allow us to serve you, please contact us."

About Concentric Security, LLC:
